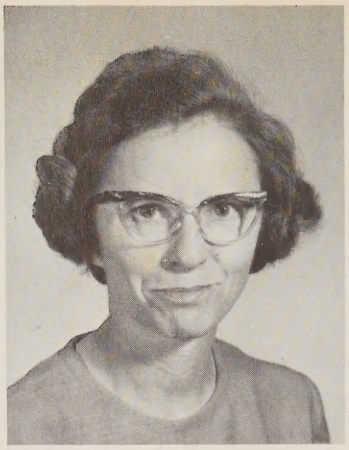
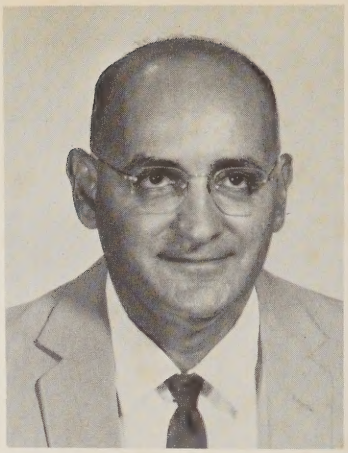
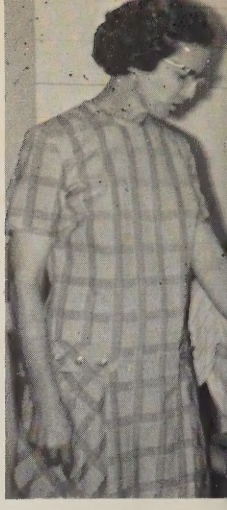
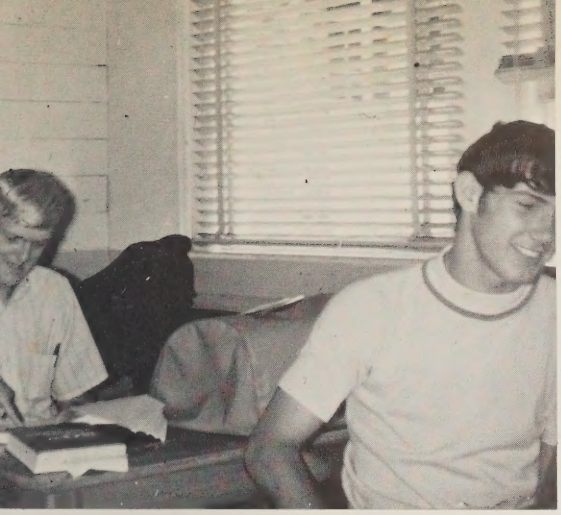
Dedication

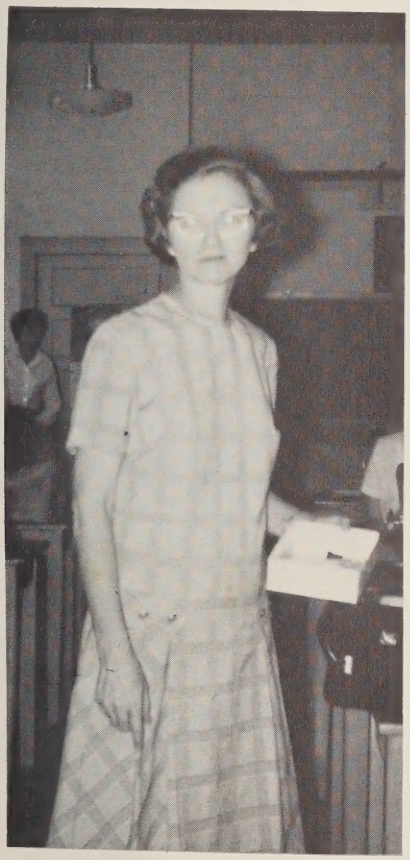






Mr. and Mrs. Abeyounis





We dedicate the 1970 TREASURE CHEST to Mr. and Mrs. Kelly Abeyounis who have been teaching in the Bath High School for fifteen years. One could not begin to count the hours they have dedicated to their teaching profession.

Mrs. Abeyounis has given her time and patience toward the development of future business students. She not only teaches them, but she is a friend to every student she knows.

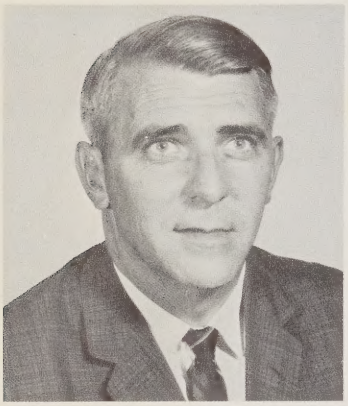
Mr. Abeyounis teaches in the History Department. He encourages independent study, and teaches the student to put the present into perspective with the past through analyzation.

Together they are a couple who put first, above all things, the school of Bath and the people within it.

The Abeyounises have two children, William, who is attending the North Carolina State University at Raleigh, and Phillip, a ninth grader at Bath.

Administration

Mr. Gray Hodges is our new superintendent.



Mrs. Ida Harrington
Mr. James Waters

Mr. Walter Davis, Jr.
Mr. Mansell Thomas

Mr. Joe Cordon, after 22 years of service, resigned from the Bath School Committee last year. At the suggestion of the other members of the committee, the school presented him with a plaque at Commencement Exercises. His hard work and dedication to Bath High School will not be forgotten.

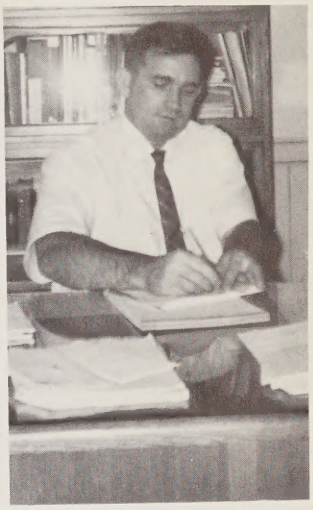
The administration is endlessly trying to make our school a better school and our students better students. They give their time and energy in the hope of making the future generation a better generation.

Office Activity

Formed

Main Operational Axis

MR. JACK WALLACE
Principal



MRS. HILMA ELLIOTT
Secretary

A nucleus of activity, the main office staff again met the demands of a society of approximately seven hundred students and thirty-five teachers.

All facets of school life were in some way considered by our principal, Mr. Jack Wallace, a man whose importance at Bath High is unquestionable. Even though Mr. Wallace had many problems, he kept the school operating smoothly and efficiently; and he always had time to extend a friendly hand to students, faculty members, and visitors.

Working under Mr. Wallace was his personal secretary, Mrs. Hilma Elliott. Together they made the principal's office an intricate and important part of our school and a constant source of help for students and teachers alike.

Spirit Soars

The student is the life and spirit of the school. The student . . . studies . . . plays basketball . . . attends the FTA rally . . . reads THE PIRATE . . . buys a barbecue supper to support the school . . . becomes a homecoming queen . . . takes notes in history class . . . helps in the office . . . has the lead in the Senior Class play . . . cheers during the games . . . attends the Junior-Senior Prom . . . listens to records in the library . . . gets pushed in the hall . . . complains about teachers . . . compliments teachers . . . looks for excitement . . . becomes bored . . . profits from the work and long remembers the fun . . .

Beyond those doors . . .

Yay! Yay! Yay!

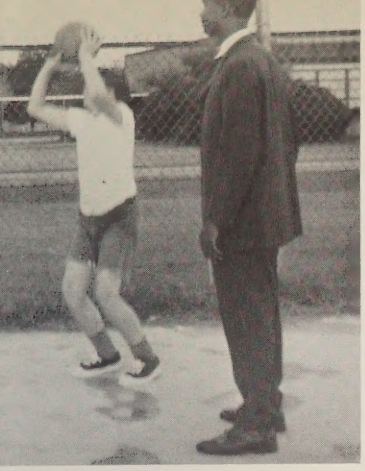
Happiness is . . .

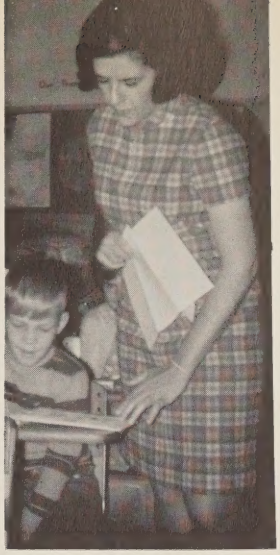
at Bath High

Study! Study! Study!

Experiences Are

Many and Varied





We always need the teachers' assistance.

There's always a few moments of leisure.

Faye Jefferson finally made her way down the hall.

It isn't unusual to see the photographic Deannie Wallace, Gene Cordon, and Janet Ross.

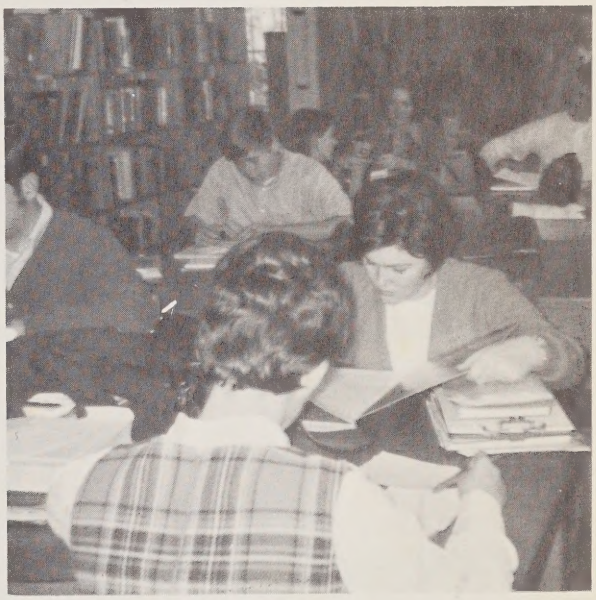
Each department strives to develop the personality of each student, both scholastically and socially, as well as to encourage students in preparation for the future.



Curriculum

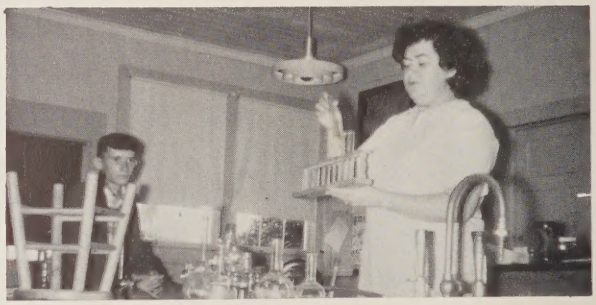
Mr. Woolard with his sixth period advanced math class.

Mrs. Waters instructs her Algebra I class.

Mathematics and Science

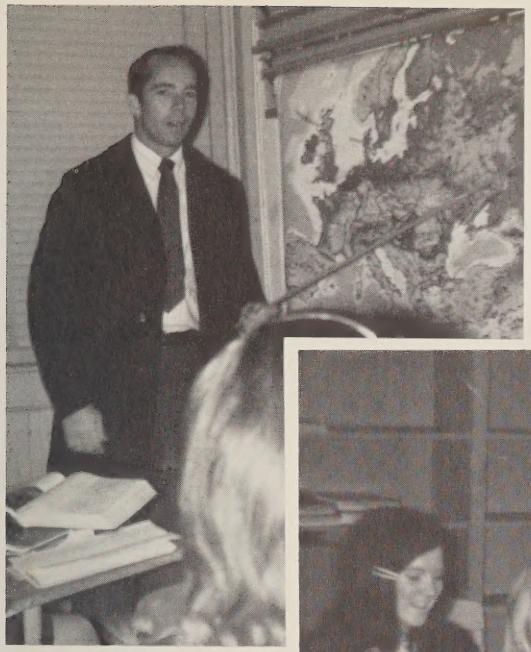
Freshmen begin their high school years by taking Algebra I or Math I. After these subjects they go on to Math II, Algebra II, geometry, and eventually advanced math. Math I and II is to improve the students' ability to do the basic operations of math so that they can function in their future roles as consumers. Advanced math is primarily for those students who wish to attend college. Mrs. Judy Waters and Mr. Roger Woolard are our math teachers.

Mrs. Arthur Lee Moore heads the Science Department at Bath. Under Mrs. Moore all sophomores take biology, the study of life. Juniors and Seniors may take chemistry and physics. Mrs. Moore feels her main goal is to prepare her students for college and for life in general, especially those students taking chemistry or physics. General science is taught to all freshmen by Mrs. Waters and Mr. Woolard. Their goal is to give the students a foundation in and appreciation of the scientific aspects of our physical world.

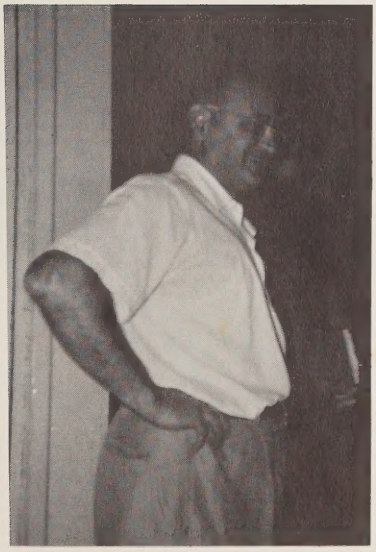


Mrs. Moore gives a chemistry demonstration.

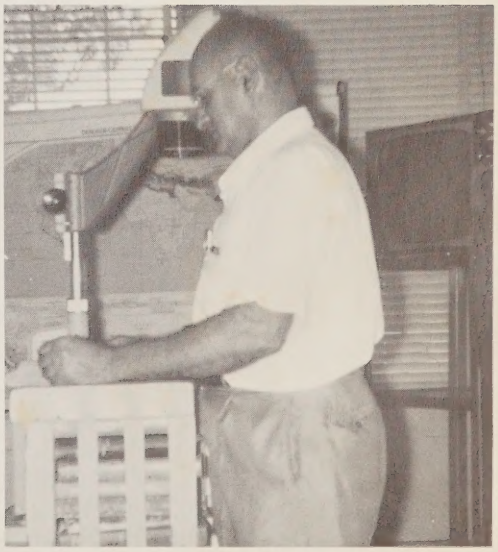
Social Studies



World geography and U.S. history students benefit greatly from the able guidance of Mr. Johnny Everett. As they learn more and more about the United States and the world they are able to understand the people that live in it.



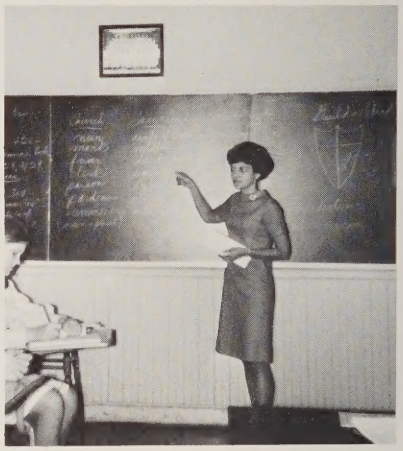
Each year students study history under the direction of Mr. Kelly Abeyounis. World history and U.S. history are very important in his eyes. Those persons who know history can better understand the complex problems of the world today.



A Necessity of Life

The functioning of the English language should be studied daily, sometimes as a thing in itself, more often as a key to the clarity and effectiveness of composition and literature.

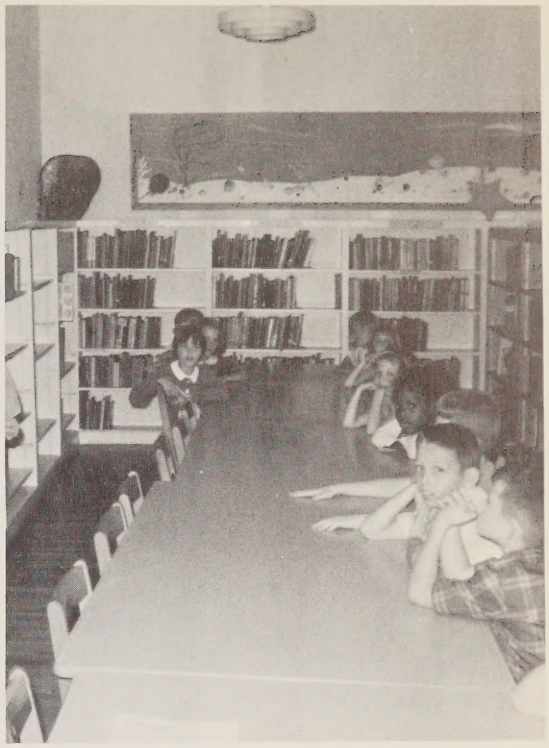
Through this daily study of the language, the student learns to develop certain skills that will be very advantageous in his communication with man.



Allen Batman seeks help from Mrs. Morgan.

As Mrs. Hughes explains Sandra's mistake, Sandra sees that it isn't so difficult after all.

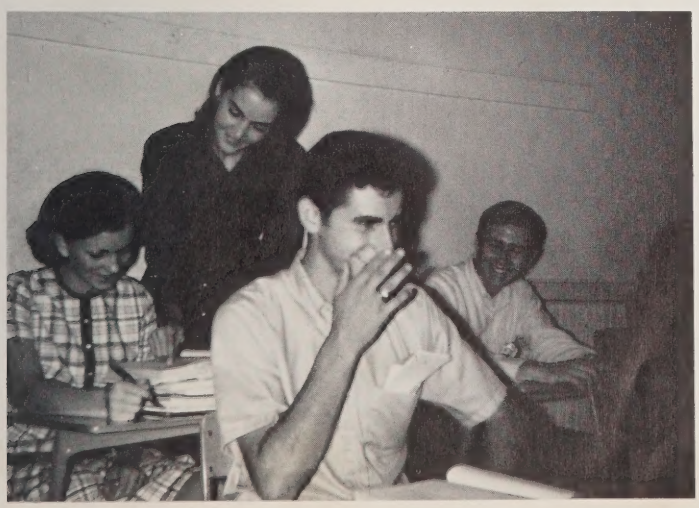
Library



The library is the school's center of knowledge. Here endless knowledge is stored for those ambitious enough to seek it. Mrs. June Wallace is our Librarian and Mrs. Rachel Tankard is her able assistant. Together they run an efficient library and strive to make it better for the student.

Foreign Language

Spanish is the only foreign language taught at Bath. Mrs. Sue Tyer is the teacher. She tries to promote interest in other countries, their languages, and customs. One of the main purposes of Spanish is to prepare the students for college. The Spanish II class has formed a Spanish Club. The purpose of the club is to have students feel a part of a group which has a special interest in a foreign language.



Mrs. Tyer, Sondra Alligood, and Joseph Leggett admire a Spanish bulletin board.

Home Economics

Mrs. Swindell has this to say of Home Economics:

We see the future role of the homemaking student as a triple role; that of homemaker, wage earner, and citizen. The high school home economics program therefore is planned to help the students to manage their resources more effectively.

Special emphasis is placed on areas of study in consumer economics and occupational services. To further skills, home experiences are carried on as a special phase of the program.

Business Education

The business world, as well as each student that comes in touch with her tender influence, benefits from the able guidance of Mrs. Ellen Abeyounis. Mrs. Abeyounis is the head of the commercial arts.

Physical Education

Mr. Jimmy Tyer has an endless job of coaching his boys in football and basketball. He is ever mindful of work to do on the field and has the job of keeping uniforms clean. His freshmen health class and advanced P.E. benefits under his guidance.

Agriculture

The boys find that there are many different subject areas to study in Mr. Wooten's classes. Agricultural mechanics, horticulture, the founding and operation of the FFA organization, land judging, livestock judging, and agricultural businesses are some of their studies.

Industrial Arts

Mr. Townsend is a very competent welder and has taught his boys the artistry in the work as well as the caution they must exercise.

SENIORS

As seniors we are approaching the end of the river and will soon enter that huge ocean of life. There, with our knowledge gained in school and life, we shall take our place among mankind. Whether our lives be great or small, our one great hope is that they shall be lives worth living.

Important decisions are made as the staff decides upon the initial layout.

The annual staff begins its yearly task by selling ads in the spring. Then in the fall, subscriptions must be sold. As the year progresses there are pictures to be taken, preliminary layouts to be drawn up, final layouts to be drawn up, deadlines to be met, and most of all - most of all, innumerable hours of long hard work. The staff has worked diligently this year to make the 1970 TREASURE CHEST one of the best ever. Indeed Mrs. Morgan and the staff are deserving of much gratitude for a job well done.

Mrs. Morgan, Advisor, Larry Jarvis, Assistant Editor, and Nancy Thomas, Editor work to meet the final deadline.

Bus Drivers

Chief: NANCY THOMAS

Left to Right: Debbie Wallace, Margaret Davis, John Spain, Eddie Swindell, Barbara Boyd, and Nancy Thomas.

Marshals

Marshals are chosen by their outstanding academic records.

Under Mrs. Alice Sanderson, the manager, the lunchroom staff provides the students with a nourishing lunch after a hard morning's work in classes.

Mr. and Mrs. Preston Koonce, as janitor and janitress, have the job of keeping the buildings clean.

Mrs. Annie R. Jefferson enjoys teaching students the art of playing the piano.

W. Cooke (not pictured).

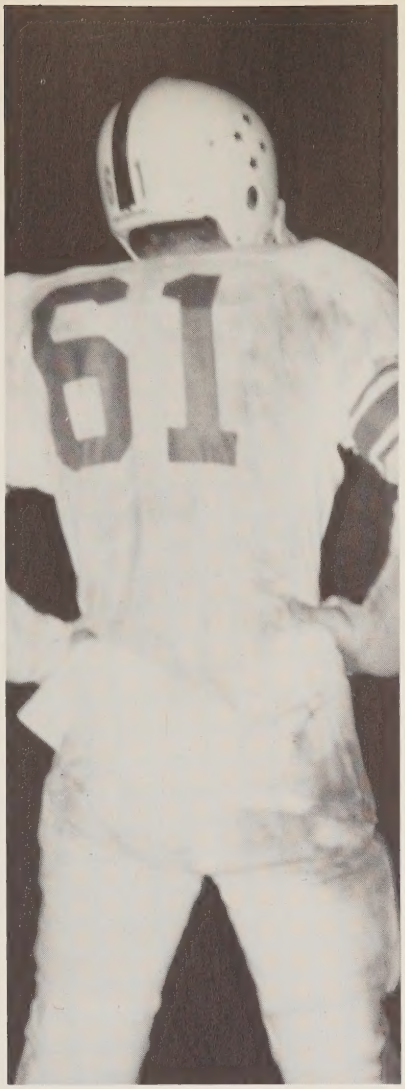
Talmadge Woolard, Donnie Woolard, Neal Sawyer, and Arnold Cooke were selected to the All-Conference football team for outstanding play during the year.

Starters: Donnie Woolard, Joseph Leggett, Neal Sawyer, Johnnie Wallace, Fred Woolard, Arnold Cooke, Wiley Walker, Gene Cordon, Steve Moore, Talmadge Woolard, Danny Woolard, A. W. Cooke (not pictured).



Pirates Logged 7-3 Seasonal Record

The Bath football team was very successful this year ending the season with a 7-3 record. The team was a little shakey at the beginning of the season winning only every other game for the first six games; but as the season progressed the boys came through winning their last four games.

Six graduating seniors will be a great loss to next year's team. Four of these players were named to the All-Conference team. We congratulate Coach Tyer for leading these boys and other team members to success in 1969.

Margaret Davis, Homecoming Queen

Miss Margaret Ann Davis was crowned as Homecoming Queen by last year's queen, Miss Darlene Ormond. The contestants were nomited by the football players and then voted upon by the student body.

Margaret is an outstanding member of the Senior Class. She has given much of her time to Bath High School and well deserves this honor.

Decorated by the cheerleaders, the gym was the setting for the celebration of the 1969-70 Homecoming. "The Reflections" provided the music, and the cheerleaders served refreshments. A large group of students attended the gala affair.

The Queen *and Her Court*

1st Row: Teresa Elliott, Diane Cutler, Brenda Ormond, Margaret Davis, Mary A. Jordan, Marilyn Askew, Shannon Guirkins, and Sandy Alligood. 2nd Row: Betty Boyd, Janet Ross, Barbara Boyd, and Deannie Wallace.

Looking to The Future

TGS is concerned about your future as well as the growth and progress of the community in which you live.

Many graduates of BATH HIGH SCHOOL like these have joined the TGS team. They are contributing to the production of fertilizer materials to help feed a hungry world and are promoting the growth and economic development of this area.
